

SLUDGE BUSTER

*Natural reduction of sludge build up
in water systems*

**100% organic
Non toxic to all
aquatic life**

***Sludge eating microbes
remove sludge build-up in
aquatic environments.***

Benefits:

- 100% organic. Non toxic to all aquatic life.
- Enzymes & micro organisms that break down organic material.
- Reduces sediment accumulated on substrate of water bodies.
- Increases water holding capacity.
- Prevents water pumps and filter blockages.
- Clarifies water.

Application rate::

- **Shock treatment :**
1x SB10 Sludge Buster per 750m².
- **Normal Treatment:**
1x SB10 Sludge Buster per 1000m².
- **Polluted Condition:**
1xSB10 Sludge Buster to 1000m²
- **Effluent:**
1x SB10 to 500m²
(Calculated as per conditions)

Apply dry over surface or dilute with water to spread.

Pack: 10kg bucket.
