

TIMBREL 360 SL

Cut stump treatment of problem trees

(L. 4917)

Description:

A systemic water soluble herbicide for the control of woody plants as listed for forestry, grass pastures, conservation and industrial areas.

Active Ingredient:

Triclopyr.....360 g/ℓ (PyridyloxyCompound).

Advantages:

- **Selective**—Only controls woody weeds. Safe on grass.
- **Systemic**—Controls plants right down to the roots.
- **Water soluble**—No diesel required
- **Cost-effective**—No diesel makes it cost-effective.

Application rates:

Cut-Stump treatment, Ring barking, Frilling

300ml/ 50ml mineral oil/ 10L water.

Half fill the spray tank with water and add the required quantity of TIMBREL360 SL. Add rest of water. Shake.

Apply to cut surface of trees within one hour after felling.

Pack Sizes: 5L
