

SoilSure

Bio stimulant & soil conditioner

(L.4370)

Modify soils
Improve soil growing conditions

Active ingredients

N – 4.3g/kg P – 13.9g/kg Bo – 468mg/kg
C – 80g/kg Amino acids – 28.27%

Advantages

- **Soil conditioner.** Contains hydroxye, citroen and amino acids, components of sucrose, some macro- and micro nutrients.
- **Modify soils.** Soilsure modify soils, improving filtration and distribution of air and moisture through the root zone.
- **Amino acids** – building blocks of proteins offer instant energy and stimulates new root growth.
- **Nutrient** – Promote root development and stimulate beneficial soil microbes.
- **Chelation** – Organic acid natural chelating agent unlock unavailable nutrients.
- **Soil PH.** The acidic medium assist with the buffering of high soil PH.
- **Sodium.** Leaches high level of sodium levels with regular use.

Application rate

3-10 liter / hectare (100ml/ 5 liter water/ ha)

Note: Repeat monthly

Pack: 5 liter, 25 liter
